Specific [REDACTED]

- a. Unit number and mission number - 1021. [REDACTED] mission was in general excellantly performed. On one occasion there is evidence that he misidentified a check-point, but for the remainder of the mission route following, timing, and general airmanship was superior.
- c. No comment on support items.
- d. The weather was generally as briefed and the photographic equipment so far as the pilot was concerned operated throughout. On return to base it was found that a shutter malfunction did occur, but the remainder of the camera worked satisfactorily.
